Imperium: Civitas download gratis Download Imperivm Civitas Ip (2) Imperium: Civitas 2 Full Game Download Free Imperium: Civitas 2 Full Game Download Free Imperium: Civitas 2 Full Game Download Free Imperium: Civitas 2 Full Game Download Free Playing Imperium Civitas on Google Chrome What is Imperivm Civitas? You know the game is called Imperivm Civitas, the game has a cool and, at the same time, a really sad history. It was announced in 2014, one of the first announcements, was a statement from the developers that they would be forced to close due to the lack of funding. The online multiplayer servers were closed in 2015, but the game itself continued to be developed, and in 2016, it was announced that the game would be released on the Steam platform, which is certainly a good step for the game. Imperium: Civitas 2 For those who have not played Imperium: Civitas in the past, the game is an action strategy game where you have to build your empire through conquering other cities and defeating enemies. The game takes place on a map that will play a certain role in the game and, while it has started its life as a fantasy game, the developers have made some changes to the story and the appearance of the cities so that, for example, the cities you play as were inspired by the looks of the cities in which you play Imperium: Civitas. Even so, the game should be considered in this context as a fantasy game. As for the gameplay, there are two methods of playing Imperium: Civitas, namely Conquest and the free online mode. In the Conquest mode, you have to reach the other player's capital, but, as you can expect, this is very difficult. You have to choose the level of troops you want to send, which makes sense if you want to have a good play and, on top of that, you have to move your troops to the best place to attack and you have to make good use of your generals. Of course, your troops can gain experience as they go through the battle and this will, in turn, help them improve. However, this will take a while, so you will not always be able to send all of your troops in every battle. During the game, you have to always be
